The single biggest killer is indecision.</p> <p>Your best chance of surviving is to plan what you'll do if one comes your way.</p> <p>Take five minutes to have a Fire Chat with your household. Asking these three simple questions could save your life.</p> <p>One. When will you know to leave?</p> <p>Two. Where will you go?</p> <p>And three. Which way will you go?</p> <p>If you have any doubt, your safest option is to leave early.</p> <p>If you plan to stay and defend your home, everyone in your household must understand what it takes to be completely prepared. That means preparing your property and organising protective clothing and fire fighting equipment. Be aware that defending against a bushfire could be the most traumatic experience of your life.</p> <p>Remember, you can't outrun it, or outlast it. So plan to outsmart it and have the fire chat today.</p> <p>Knowing when to leave, where to go and which way to go could save your life</p> <p>For more tips to help you and your loved ones stay safe, visit <a href="https://dfes.wa.gov.au/firechat">dfes.wa.gov.au/firechat</a></p>
