How Do I Keep Informed?

Take these four steps to help you keep informed about bushfires and emergencies near you.

1. Get connected – connected communities are safer communities
   - Join a Bushfire Ready Group to get to know the risk in your local area
   - Keep in contact with neighbours, friends and family, especially during high fire-risk days
   - Talk to your local brigade or local government about how to prepare for a bushfire

2. Stay alert – if you can see or smell a bushfire – that’s your warning
   Your surroundings could be the best source of information. If you live in, or near bush, you need to stay alert. If there are signs of a bushfire you could be in danger. Act immediately to keep you and your family safe.

3. Monitor official warnings
   Sign up ahead of the season to get notified of bushfire warnings on social media or via apps.
   During an emergency monitor what’s happening.
   You can find bushfire alerts and warnings at:
   - [www.emergency.wa.gov.au](http://www.emergency.wa.gov.au)
   - 13 3337 (13 DFES)
   - [www.twitter.com/dfes_wa](http://www.twitter.com/dfes_wa)
   - [www.facebook.com/dfeswa](http://www.facebook.com/dfeswa)
   - ABC local radio or 6PR emergency bulletins
   - Third party apps such as Emergency +, WALGA’s LocalEye, DBCA Parks and Wildlife Alerts and National Bushfires
   Please note that these apps are not provided by DFES and DFES can give no guarantee that they will notify you in an emergency.

4. Make sure your phone company has your up to date details
   A telephone warning might be sent to your mobile phone or landline in extreme circumstances. This warning system (Emergency Alert) uses the address held by your phone company.
   Keep your address details up to date with your phone company to give yourself the best chance of receiving a warning if one is issued.
