

2016/17 WANDRRA ELIGIBLE DISASTER PROCLAMATION NOTIFICATION
Flooding in Western Australia (January and February 2017) AGRN743

The above event has been proclaimed an *eligible disaster* under the Western Australia Natural Disaster Relief and Recovery Arrangements (WANDRRA) in January and February 2017, pursuant to clause 4.2 of the Natural Disaster Relief and Recovery Arrangements (NDRRA) *Determination 2012 Version 2.0* (the *determination*), issued by the Commonwealth Government Attorney-General's Department. The State Government will provide immediate financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

During the past two weeks, parts of the State have been receiving severe rainfall with record levels being recorded in several locations. These rain events from the Kimberley through the Mid-West and Goldfields-Esperance are linked notwithstanding the vast geographical distance between those regions.

The tropical low over the Kimberley was responsible for the rain in that area and then as the low tracked through the Pilbara it was to become the moisture source for the rain band that impacted the South and Southwest of Western Australia. An upper level trough moving out of the Southern Ocean linked with the moisture from the tropical low and hence we saw the widespread heavy rainfall. The resulting floods were undoubtedly enhanced because catchments were saturated due previous rainfall across much of the same areas.

Pursuant to subclause 1.1.1 of the NDRRA *determination*, 'flood' is deemed to be an eligible *natural disaster* event.

For the purposes of WANDRRA this event will be referred to as '***Flooding in Western Australia (January and February 2017)***'.

WANDRRA is jointly funded by the State and Commonwealth Governments and administered by the Office of Emergency Management (OEM), with assistance from other agencies. Through WANDRRA, the Western Australian and Commonwealth Governments provide help to people who have suffered the direct impact of a proclaimed natural disaster event.

If information becomes available that identifies other local government authorities as potentially having been directly impacted by this natural disaster event, subject to further assessment these local government authorities may, at a later date, be included in the affected area.

The eligible costs for this event are anticipated to be largely associated with the restoration and replacement of essential public assets, mainly the local and state road network infrastructure. It is also anticipated that some costs may be incurred for the clean-up of local and state government owned property.

Assistance may be available under the following measures (*where appropriate*) covered by WANDRRA:

- **For individuals and families** – Personal Hardship and Distress grants which are administered by the Department for Child Protection and Family Support (CPFS). Potential measures include emergency food, accommodation, clothing, temporary living expenses, replacement of essential household contents and housing repairs to return housing to a habitable, safe and secure condition. **Note – some of these measures are subject to income and/or assets testing.**
- **For small businesses** – interest rate subsidies on ‘new’ loans approved by Authorised Deposit-taking Institutions.
- **For Primary Producers** – Assistance may be available toward freight costs, materials for boundary fences (***only where it is demonstrated that public safety is at risk***), professional advice grants and interest rate subsidies on ‘new’ loans approved by Authorised Deposit-taking Institutions. These *eligible measures* are administered by the Department of Agriculture and Food. **Important Note - Claims should be lodged before 13 August 2017**
- **For Local Governments & State Government Agencies** – Clean-up costs and the restoration or replacement (to pre-disaster standard) of *essential public assets* including local road damage. State road damage is also included through Main Roads Western Australia (MRWA). Only costs incurred that are ‘additional’ costs, and are directly related to the event, will be eligible for reimbursement.

Important Note - The *allowable time limit* for eligible claims expires on 30 June 2019.

Claims in respect of any other *eligible measures* may also be considered.

It should be noted that assistance under WANDRRA is not designed to supplant or operate as a disincentive for self-help by way of commercial insurance.
