

2019/20 DRFAWA ELIGIBLE DISASTER PROCLAMATION NOTIFICATION

AGRN899 TROPICAL CYCLONE (TC) DAMIEN AND ASSOCIATED FLOODING (4-9 FEBRUARY 2020).

The above event has been proclaimed an *eligible disaster* under the Disaster Recovery Funding Arrangements, Western Australia (DRFAWA) on 16 February 2020, pursuant to clause 5.1 of the Disaster Recovery Funding Arrangements (DRFA) (the *Arrangements 2018*), issued by the Commonwealth Government Department of Home Affairs. The State Government will provide financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

At approximately 1500hrs on Saturday 8 February 2020, Tropical Cyclone (TC) Damien impacted the Pilbara coastline at Category 3 intensity and crossed the coast over the townsite of Dampier. This resulted in Cities, Towns and Communities along the Pilbara coast and inland area being subjected to destructive wind gusts of up to 195-205 and daily rainfall amounts of 150mm at Karratha, Dampier, Roebourne and surrounds, and 200mm in the Fortescue catchment.

During Sunday 9 February 2020, TC Damien weakened into a tropical low. Ex-TC Damien has produced strong winds, squally showers and rain over parts of the Pilbara and northern Gascoyne districts. Heavy rainfall is causing flooding in the Pilbara and Gascoyne districts as ex-TC Damien moves inland.

Pursuant to subclause 1.1.1 of the *Arrangements 2018*, 'Cyclone' and 'Flood' are deemed to be eligible *natural disaster* event.

For the purposes of the DRFAWA this event will be referred to as '**AGRN899 TC Damien and Associated Flooding (4-9 February 2020)**'.

DRFAWA is jointly funded by the State and Commonwealth Governments and administered by the Dept. of Fire and Emergency Services (DFES), with assistance from other agencies.
