PILBARA REGIONS – 29 to 31 JANUARY 2018

The above event has been proclaimed an *eligible disaster* under the Western Australia Natural Disaster Relief and Recovery Arrangements (WANDRRA) on 9 February 2018, pursuant to clause 4.2 of the Natural Disaster Relief and Recovery Arrangements (NDRRA) Determination 2017, issued by the Commonwealth Government Department of Home Affairs. The State Government will provide immediate financial assistance to those people who have been affected through joint State and Commonwealth disaster relief and recovery arrangements.

A Tropical Low was located in the Kimberley region of Western Australia around 250 kilometers south east of Broome. This low moved throughout the Kimberley and East Pilbara regions through Tuesday 29 January and Wednesday 30 January 2018. There has been extremely heavy rainfall on Tuesday 29 January with totals of 449mm in West Roebuck and 439mm at Broome Airport. In addition there have severe wind conditions in excess of 100 km/h. There are reports of large numbers of roads affected by flooding, but it is not currently possible to ascertain costs of repair.

Pursuant to subclause 1.1.1 of the NDRRA Determination 2017, 'Flood' is deemed to be an eligible *natural disaster* event.

For the purposes of the Western Australia Natural Disaster Relief and Recovery Arrangements (WANDRRA) this event will be referred to as '***Tropical Low and Associated Flooding in the Kimberley and East Pilbara regions (29 to 31 January 2018)***'.

WANDRRA is jointly funded by the State and Commonwealth Governments and administered by the Office of Emergency Management, with assistance from other agencies. Through WANDRRA, the Western Australian and Commonwealth Governments provide help to people who have suffered the direct impact of a proclaimed natural disaster event.

The Local Government districts currently subject to this proclamation are as follows:

31 January 2018

- Broome
- Derby-West Kimberley
- Wyndham-East Kimberley

- East Pilbara

If information becomes available that identifies other local government districts as potentially having been directly impacted by this natural disaster event, subject to further

assessment these local government districts may, at a later date, be included in the affected area.

The eligible costs for this event are anticipated to be largely associated with the restoration and replacement of the road network infrastructure.

Assistance may be available for the following measures (*where appropriate*) typically covered by the WANDRRA:

- **For individuals and families** – Personal Hardship and Distress grants which are administered by the Department of Communities (Child Protection and Family Support Section). Potential measures include emergency food, accommodation, clothing, temporary living expenses, replacement of essential household contents and housing repairs to return housing to a habitable, safe and secure condition. **Note** – some of these measures are subject to income and/or assets testing.
- **For small businesses** – interest rate subsidies on ‘new’ loans approved by Authorised Deposit-taking Institutions.
- **For Primary Producers** – Assistance may be available toward freight costs, materials for boundary fences (***only where it is demonstrated that public safety is at risk***), professional advice grants and interest rate subsidies on ‘new’ loans approved by Authorised Deposit-taking Institutions. These *eligible measures* are administered by the Department of Primary Industries and Regional Development, Agriculture and Food (Rural Business and Development Unit). **Note** – Primary Producer Claims should be lodged before (9 August 2018).
- **For Local Governments & State Government Agencies** – Clean-up costs and the restoration or replacement (to pre-disaster standard) of *essential public assets* including local road damage. State road damage is also included through Main Roads Western Australia. Only costs incurred that are ‘additional’ costs, and are directly related to the event, will be eligible for reimbursement. **Note** - The allowable time limit for eligible claims expires on 30 June 2020.

Claims in respect of any other *eligible measures* may also be considered.

It should be noted that assistance under the WANDRRA is not designed to supplant, or operate as a disincentive for self-help by way of commercial insurance.
